PROFESSIONAL SUMMARY

Results-driven Java Full Stack Developer with hands-on experience building RESTful web applications using Spring Boot and React.js. Combines a strong technical foundation with 2 years of practical experience in software support, backend updates, and system testing within a retail environment. Proficient in layered MVC architecture, Spring Data JPA/Hibernate ORM, and relational database design with MySQL. Skilled in unit testing with JUnit, build automation using Maven, and version control with Git. Adept at developing scalable backend APIs, responsive React frontends, and translating operational needs into technical solutions.

TECHNICAL SKILLS

- **Languages:** Java (Core Java, OOP, Collections, Exception Handling), JavaScript (ES6+)
- **Frameworks:** Spring Boot, Spring Framework, Hibernate (JPA), React.js
- **Frontend:** HTML5, CSS3, React Hooks, Context API, Axios, React Router
- **Databases:** MySQL, Oracle SQL (Joins, Subqueries, Entity Mapping)
- **Testing & Tools:** Postman (API Testing), Git, GitHub, Maven
- **Architecture:** REST APIs, MVC Architecture, Layered Architecture, CRUD Operations

WORK EXPERIENCE

Sales Executive & Software Support Coordinator | *Annai Stores, Chennai* **June 2019 – May 2025**

Software Support & Systems Management (2023 – 2025):

- Actively coordinated with external software vendors to maintain and optimize store management software, ensuring continuous operational uptime.
- Managed backend updates, data maintenance, and records provisioning to ensure high data integrity across retail systems.
- Executed software operational support activities and performed testing on systemic updates to identify and eliminate application bugs.
- Streamlined the technical support workflow by handling issue logging, reporting, and providing real-time user support to staff.

Sales & Operations Management (2019 – 2025):

- Managed wholesale grocery sales generating ₹15+ lakh monthly revenue across 80+ active client accounts.
- Processed 50+ daily orders with 99% billing accuracy while streamlining stock coordination to eliminate stockouts.
- Built and maintained strong relationships with 30+ suppliers and 80+ customers, ensuring on-time delivery and client retention above 90%.
- Trained and guided 3 junior staff members on order processing, billing systems, and customer handling best practices.

PROJECTS

Full Stack Employee Management System | *Personal Project* 2025 – 2026

- Engineered a full-stack Employee Management System for 100+ employee records using React.js and Spring Boot with layered MVC architecture, reducing manual data handling time by 40%.
- Designed and deployed 15+ CRUD-based REST APIs with proper HTTP status management using ResponseEntity, global exception handling via @ControllerAdvice, and dynamic request mapping.
- Leveraged Spring Data JPA, Hibernate ORM, and MySQL to manage 5+ relational entities with optimized queries, cutting average database response time by 30%.
- Built responsive, component-based React UI with Hooks, Context API, Axios, and React Router; achieved seamless frontend-backend integration across 10+ UI components.
- Wrote unit tests using JUnit and Mockito achieving 80%+ test coverage; conducted end-to-end API testing via Postman ensuring reliable JSON data validation and CORS configuration.
- Containerized the application using Docker for consistent local development environments and streamlined deployment workflow.

EDUCATION

Bachelor of Computer Applications (BCA)

Manonmaniam Sundaranar University | GPA: 70% 2016 – 2019

Higher Secondary Certificate (HSC)

Manal Madha Higher Secondary School | GPA: 71% 2014 – 2016

Secondary School Leaving Certificate (SSLC)

Manal Madha Higher Secondary School | GPA: 86% 2012 – 2014

TRAINING & CERTIFICATION

Java Full Stack Developer | *QSpiders Software Training Institute, Chennai* 2025 – 2026

- Completed 9-month intensive training in Java Full Stack development covering Spring Boot, React.js, MySQL, REST APIs, Maven, Git, and industry best practices with 3 hands-on projects.
